WEEKLY REPUBLICAN—1887.
DAILY PUBLIC LEDGER—1893.

MAYSVILLE, KY., FRIDAY, APRIL 26, 1907.

ONE COPY—ONE CENT.

If you have an item of news, please call up The Ledger, Telephone 33, and let us have it.

Little Miss Marguerite Cobb of Houston avenue who has been quite ill with measles is improving nicely.

The social that was to have been given to-night at the Third Street M. E. Church for the children has been postponed.

The funeral of the late Charles Forman was held from the residence of his father on Fourth avenue, Dayton, at 2 p. m. yesterday.

Mr. Walter Green was called to Dover this morning by the death of Mr. L. D. Franklin, which is announced in another column.

Frank C. Burgoyne has sold and conveyed to one Shapp a house and lot in Hall street, West of Commerce. Consideration, \$400.

Judge Cochran and Mr. Robert Owens have awarded the space between the curbing and sidewalk in front of their homes in West Third street, which adds much to the appearance of the premises. It is an example that others will follow.

Charles Desmond, of Commerce street, injured his hand Wednesday by the explosion of a railroad torpedo. The injury is a little painful, but is nowise dangerous. Charles will be more careful in the future how he monkeys with a torpedo.

It is safe to say that Mason county's delegation to the Tobacco Growers' Barbecue at Lexington yesterday was as fine a body of men as can be found anywhere. It was composed of the flower and menhood of the county—brainy, brawny, sons of toil, whose presence would receive recognition in an assemblage of twenty thousand.

INSURANCE CASE REVERSED.

The case of Gardner vs. Continental Insurance Company from the Mason Circuit Court is yesterday reversed for the second time. The Insurance Company took Gardner's money after the fire and with it bought Mayhughes mortgage on the land. The Court of Appeals holds that the lower Court should not have ordered the land sold to pay the mortgage on a cancellation of the debt. This important decision settles the construction to be put on all outstanding mortgage clauses issued by Fire Insurance Companies in this State. Mr. A. D. Cole was attorney for Gardner and Messrs. Worthington and Phister for the Insurance Company.

MRS. JOSEPH LARKINS.
Joseph Larkins died last night at 11 at her home in Washington, after a illness, with stomach trouble, aged

but in Washington Cemetery.

LAKE DUDLEY FRANKLIN.
Lake D. Franklin, of Dover, notice of official illness was made in The Ledger

Monday, passed away at St. Vincent's Hospital, Norfolk, Virginia, yesterday morning after a brief illness of fever and pneumonia.

Mr. Franklin was a native of Flemingsburg, but had passed the most of his years in Dover and at Cincinnati, with his parents, Mr. and Mrs. Henry F. Franklin, both of whom died at

or during the past five years.

He was never married and his closest living relatives are two aunts—Mrs. Jennie Tabbs, of Dover, and Mrs. Elizabeth Weare, Denver, Colorado.

His remains will arrive at Dover this afternoon or tomorrow, Saturday, morning, over the and O., from Norfolk and the funeral and interment will be from his late home, the exact place not having been set.

Lake was a typical Kentuckian, warm-hearted, generous and popular, and his sudden death will be a severe check to scores of friends in Mason and Fleming counties and in the many cities where he made frequent trips on the day as a most capable and successful commercial salesman.

He was about 42 years of age and was of fine, commanding physique, and enjoyed the perfect health and spirits.

Sheriff Thomas Robinson of Bracken county was here yesterday on official business.

Mr. W. E. McCann returned to his home in Lexington yesterday, after spending several days here on business.

Mrs. C. W. Hanna and children have returned to their home at Dover, after a visit of several weeks to relatives in this city.

Mr. Thomas Arnett and son, James T. Arnett of Bethel, Bath county, are visiting the former's sister-in-law, Mrs. Robert T. Wilson of this city. Mr. Arnett is one of the prominent land-owners of his county.

W. C. T. U. MEETING

This Afternoon at 3 O'clock—All Are Requested to Be Present

The ladies of the W. C. T. U. will meet this afternoon at 3 o'clock at White Hall.

All ladies interested in Local Option are urged to be present.

Mr. John Johnson still remains very low at his home on Hilltop.

Daring attempts were made at Temple, Ind., to burn down bridges and wreck trains on the Southern Railway.

As expected, the Jury before whom Bill Britton was tried at Lexington, for the murder of Town Marshal James Cockrell, at Jackson, failed to agree and was discharged. The panel stood 8 for acquittal and 4 for conviction. Bill will soon be at large again.

The meeting of the Local Option advocates at the Court-house last night was largely attended and great enthusiasm was manifested. There were many good speeches delivered upon the subject. Among the speakers were Hon. W. H. Wadsworth, W. H. Means, Harry C. Carrau, I. M. Lane, W. T. Berry, John W. Boulton and others.

FARMERS AWAKENING

Great Meeting of the Tillers of the Soil at Lexington—Barbecue Immense Success

Probably the greatest meeting of the Farmers of Kentucky that was ever seen together was gathered to attend the "Tobacco Barbecue" given at Lexington yesterday.

More than 20,000 tobacco growers of the 40 counties composing the White Barley District were present and the great meeting was characterized by the best of good humor and enthusiasm. There were about 400 persons present from Mason county.

The parade was the largest, composed entirely of farmers, ever seen in Kentucky.

There were some unique features of the parade. The Harrison county delegation, over 500 strong, carried tobacco sticks on their shoulders as emblems of their occupation.

A Northern man viewing the crowd of tobacco men, said: "This is the finest, best dressed and most intelligent looking lot of farmers I ever saw. They don't look like any other farmers I ever saw."

The "Barbecue" presided over by Chef, M. Gus Jaubert, the famous "hurgoo" mixicologist, was one of the greatest feasts ever given in Kentucky and reminded one of the barbecues of old times. 2,500 gallons of hurgoo were dispensed free with all kinds of trimmings dear to the Kentucky palate.

The Farmers of the Old Commonwealth are among "the salt of the earth" and are just awakening to a realization of their importance and strength when they pull together.

"Tobacco is King," and the garden spot of the golden weed is right here in Old Mason, the chosen land of the White Barley District.

"Ho, ho!" says JOE BENNY FORAKER.

"Ha, ha!" says Secretary TAFT.

"He, he!" says the common pee-pul.

"Dee-light-ed!" says Mr. ROOSEVELT.

And there is the Presidential situation in four brief chapters.

The pure food decision announced recently in favor of straight whisky caused an average increase in the quotations on whisky amounting to 12 cents a gallon, which makes the whisky held in Kentucky worth \$18,000,000 more than it was worth two weeks ago. Where is this thing going to end, any how? If the price of red liquor keeps on advancing and three-fourths of the saloons go out of business, a few men will have a corner on every drink in the land. No wonder there's a commotion in the world over the liquor question.

Mrs. CARRIE A. NATION, famous wielder of hatchets in saloons and sensation creator, has deserted Kansas and moved to Washington, D. C. She declares she will henceforth make the capital her headquarters and continue her campaign until it will be as impossible for a member of Congress to get a drink as it has become for him to procure railroad transportation. Aunt CARRIE will learn more of Washington after she's lived there a few months. The average American statesman is about the wisest guy that hops on two legs, and when the Hon. Mrs. C. A. NATION converts Washington Congressmen she will be in that beatific state entitling her to a harp and a crown.

AND still the prosperity of Republican protection continues beyond the dreams of even the avaricious railroad moguls. The rate bill and the 2-cent fare can't stop the enormous increase in earnings flowing to the railroads. Here are some figures backed by the facts to prove them:

"Thirty-eight railways located in all parts of the United States show increased gross earnings of 12% for the first week of April, 1907, as compared with the same period of 1906. The month of March, 1907, showed a good increase in the gross earnings of the railways of the United States over the gross earnings of 1906."

THERE isn't a Republican newspaper in the land that delivers such telling pokes at WILLIAM JENNINGS BRYAN's fake political philosophy as does The Cincinnati Enquirer. Time and again The Enquirer has repudiated Mr. BRYAN and his heresies, editorially, and below we give another example of the intelligent opposition to a man who howls for things impossible and if he were to get them he wouldn't know what to do with them:

"Mr. WILLIAM J. BRYAN has qualities of head and heart which enjoy an extensive constituency, but really he should not try to load up the debilitated Democratic party with all the fads and notions that enter his ample head or that are communicated to him by the too active reformers.

"Mr. BRYAN once nominated himself for President with one of his own speeches.

"He has been as eloquent as ever lately, and there is danger, so to speak, that he will do so again.

"The multitude doesn't usually analyze Mr. BRYAN's speeches.

"The are content with something said well."

HER AFFECTIONATE BROTHERS

It Was Commencement day at a well known girls' seminary and the father of one of the young women came to attend the graduation exercises. He was presented to the principal, who said, "I congratulate you upon your extremely large and affectionate family."

"Large and affectionate?" he stammered and looking very much surprised.

"Yes, indeed," said the principal. "No less than twelve of your daughter's brothers have called frequently during the winter to take her driving and sleighing while your eldest son escorted her to the theatre at least twice a week. Unusually nice brothers they are."

CONSTIPATION

"For over nine years I suffered with chronic constipation and during this time I had to take an injection of warm water once every 24 hours before I could have an action on my bowels. Happily I tried Cascarets, and today I am a well man. During the nine years before I used Cascarets I suffered much misery with internal piles. Thanks to you I am free from all that this morning. You can use this in behalf of suffering humanity." B. F. Fisher, Knoxville, Ill.

The Rev. Dr. M. G. Buckner has tendered his resignation as Pastor of the Christian Church at Harrodsburg and will shortly leave for Mansfield, O., where he has accepted a call to the pastorate of the First Christian Church.

The announcement of his resignation was a great surprise and much regret was expressed by the members of all denominations.

Dr. Buckner led the fight for local option at Harrodsburg last summer and to him is due much of the credit for the victory.

It is understood that he will receive a salary of \$3,000 per year at Mansfield.

Dr. Buckner was formerly Pastor of the Christian Church at Washington, and has scores of friends in this city who, while regretting his departure from Kentucky, will be glad to learn of his fine new field of labor.

Flags Fly at the Jamestown Exposition Today

The great Exposition, commemorating the 300th year of the landing of the English at Jamestown, Virginia, will be formally and officially opened today by President Roosevelt and all the noted men of the country.

The Exposition merely opens its gates today, but the big show is not nearly finished and will not be before July 1st. Norfolk and state of Virginia, with characteristic work of practical enterprise have lagged in the work of building roads, boulevards and electric lines, and, at present, the facilities for getting to the Exposition grounds from Norfolk, 5 miles away, are totally inadequate.

At, nevertheless, the show is to be one of the greatest World's Fairs ever held, and when completed and equipped by July 1st, it will be the most beautiful exposition of all.

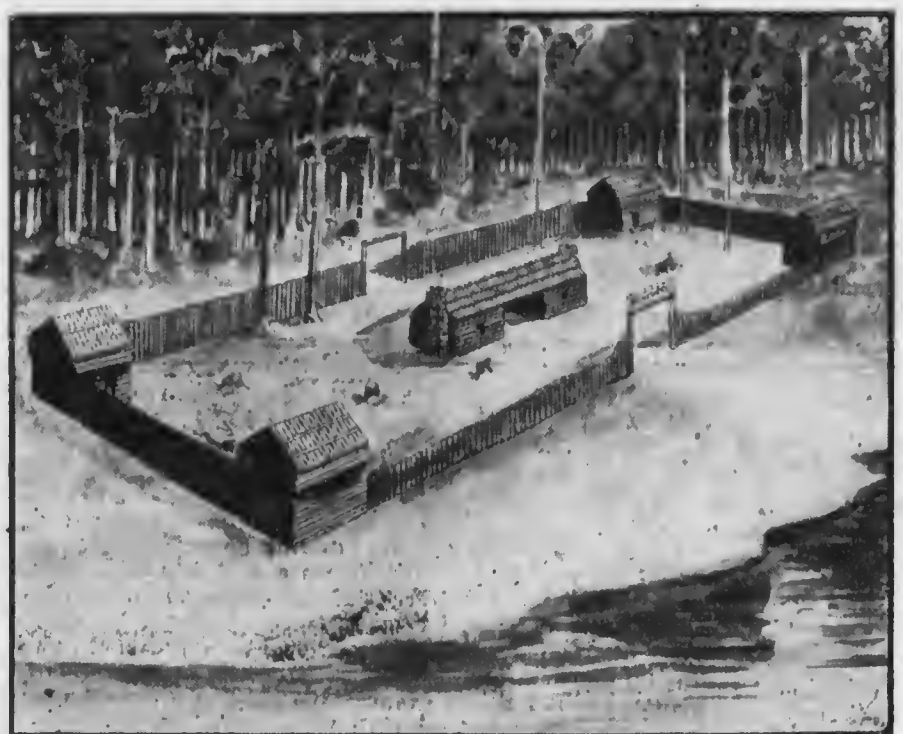

At sunrise this morning the opening gun was fired followed by the other 299, making a salute of 300 guns hailing the President and ushering in the preliminary ceremonies. Upon the arrival of President Roosevelt, on the Mayflower, in Hampton Roads, a salute will be fired by the United States and foreign warships, there assembled.

When the President arrives at the exposition grounds he will be met at the end of the government pier by an escort and will be escorted by the United States artillery, stationed on the exposition grounds. Promptly at the hour of 11:30 the President will be escorted to the reviewing stand on "Lee's Parade," in the rear of the auditorium building, where the exercises will take place.

It was intended that the exposition should be historical, but it has grown beyond the dreams of its originators. When completed it will be almost all that is implied in the expression, "A world's fair," but it will not stop there.

No other exposition has attempted to show the world the life of the colonists, the hardships of the pioneers who opened the new country after civilization had been attained on the

BOONEBOROUGH FORT AND STOCKADE.

From the original drawing in Collins' History of Kentucky. This fort is reproduced on about the same scale for the "Kentucky Building" at the Jamestown Exposition. It is constructed of logs from Kentucky, many of them being from trees growing on the site of the old fort. The replica is one of the unique features of the Exposition and is filled with native Kentucky products and exhibits. The original Fort at Booneborough was built by Daniel Boone and others on the South side of the Kentucky river, in Madison county, in April, 1776. It was the Gibraltar of the Kentucky Pioneers and the center of protection for all the early settlers. The fort has long since disappeared.

New School Building!

Owing to the fact of the School Board's having bought the old Porkhouse (our warehouse) for the site for the new High School Building, we are obliged to move all our vehicles within the next 60 days; and we have figured that it would be better to sell them than to move, a store room in Mayville is pretty scarce just now, and besides it is very expensive to move four or five carloads of crated vehicles.

Therefore!

We are beginning today the most phenomenal sale of vehicles ever held in Mayville, and a word to the wise should be sufficient. "If you are contemplating the purchase of a rig of any kind, now is your opportunity."

of war, and other states have displayed equally good judgment in their selections of designs. The State Buildings have been grouped along the historic shore of Hampton Roads, and they command an excellent view of the navies of the world. There have been gatherings of fleets before, but not on such a tremendous scale as will be accomplished here.

In fact, there are few harbors in the world that could accommodate so large an assemblage of warships. The fleets will number, in addition to several of the best types of each of the foreign naval powers, the Atlantic fleet of the United States Navy, under command of Rear Admiral Evans, which is conceded to be the finest organization of fighting machines afloat.

This fleet is already anchored in Hampton Roads.

The "Kentucky Building" is a replica of the fort at Booneboro, and is probably the most unique of the interesting historic structures at the Exposition.

Colonel Charles E. Hoge of Frankfort, Vice-President of the Kentucky Commission, is "holding the fort" at the Exposition, and Secretary C. C. Ousley of Louisville and family are also there. The latter and his family will occupy one of the cottages inside the old Booneboro Fort stockade, and he there to attend to the building, and have general supervision of the course of the Exposition.

The Kentucky Building is completed, and occupying the splendid position that it does on the grounds, is bound to prove an attractive point for the early visitors to the Exposition.

Notwithstanding the fact that the Kentucky Building is now ready to be opened, the canvass for funds to pay for it will still go on under the auspices of the commission. The sum of \$40,000 was originally set down as the amount necessary to be obtained to make a creditable building and exhibit for the state.

This building is situated on the edge of a beautiful pine grove of 500 trees and within 100 feet of the waters of Hampton Roads. From the windows of the new Fort of Booneboro cabin, can be viewed the spot where the battle between the Monitor and Merrimack was fought.

The exhibit of Kentucky's products and resources will be representative and the building and content reflect credit upon every section of our beloved and historic old Commonwealth.

The Exposition site contains approximately four hundred acres of land space—a forty acre enclosed water basin and the one hundred and sixty square miles of water surface of Hampton Roads.

Shoes for Boys!

SECOND STREET.

The Exposition site has a frontage of two miles on Hampton Roads, and one-half mile on Bench Creek. The other sides of the Exposition grounds are enclosed by a decorative pine and wire fence, covered with honeysuckle, crimson rambler rose and trumpet vines. The Exposition is a great white and red city—Corinthian columns flanking walls. Shade trees are in abundance; groves of fruit trees on the

grounds and innumerable beds of native flowers and decorative plants. To Hon. J. Stoddard Johnston, the first President of the Commission and his able board of conferees, the people of Kentucky are indebted for the striking display, and Jamestown and every one who can should make it a point to visit the Exposition before it closes November 30th.

NATURE PROVIDES FOR SICK WOMEN

a more potent remedy in the roots and herbs of the field than was ever produced from drugs.

In the good old-fashioned days of our grandmothers few drugs were used in medicines and Lydia E. Pinkham, of Lynn, Mass., in her study of roots and herbs and their power over disease discovered and gave to the women of the world a remedy for their peculiar ills more potent and efficacious than any combination of drugs.

LYDIA E. PINKHAM

Lydia E. Pinkham's Vegetable Compound

is an honest, tried and true remedy of unquestionable therapeutic value. During its record of more than thirty years, its long list of actual cures of those serious ills peculiar to women, entitles Lydia E. Pinkham's Vegetable Compound to the respect and confidence of every fair minded person and every thinking woman.

When women are troubled with irregular or painful functions, weakness, displacements, ulceration or inflammation, backache, flatulency, general debility, indigestion or nervous prostration, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound.

No other remedy in the country has such a record of cures of female ills, and thousands of women residing in every part of the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable compound and what it has done for them.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. For twenty-five years she has been advising sick women free of charge. She is the daughter-in-law of Lydia E. Pinkham and as her assistant for years before her decease advised under her immediate direction. Address, Lynn, Mass.

EBENEZER PRESBYTERY

Intemperance Comes In For Discussion By the Body

Local option, saloons, blind tigers and intemperance were discussed at length Wednesday afternoon at the Ebenezer Presbytery, in session at the Madison Avenue Presbyterian Church in Covington.

The Committee on Temperance had reported that no recommendations on the subject be taken before the General Assembly in Birmingham, Ala., May 16th. Rev. W. W. Akers of this city opposed the report of the committee and found many supporters, who claimed that much good would result toward the stamping out of the evils that they said are prevalent all over the state and country.

Those opposing the Presbytery taking any action on the subject declared that the Presbyterian Church was against intemperance, yet the liquor people and others would cry out that the Church is taking a hand in politics if the Presbytery adopts the report.

Rev. Akers offered a substitute to the original paper that was carried by a vote of 12 to 10, and so the committee will be appointed at the General Assembly meeting to fight the ques-

tion from the various pulpits, and not only as Ministers, but as citizens as well.

Routine business was taken up at yesterday's session, Mr. Akers also making an address on missionary work.

Considerable praise was bestowed upon Rev. H. M. Scudder, D. D., the Secretary of the Presbytery, for the active part he has taken in his work. Rev. Scudder, who on June 1st will observe the fiftieth anniversary of his Pastorate at Elizaville, stated that only two of the members are alive today who were engaged in the work when he first took charge of his field. He is still a brilliant talker, and just as active as any of the younger members.

Augusta was selected as the next meeting place on Tuesday, September 10th.

The Smith family will "re-nice" at Jamestown today.

Jack Page aged 85 has just entered the Ohio Pen., to serve 2 years for arson.

Limestone Lodge No. 36, K. of P., will confer the Rank of Page on four candidates at the meeting tonight.

Miss Jessie Richardson, a High School teacher of Covington, was adjudged insane yesterday and taken to Lakeview asylum. She is 36 years old.

Mason Circuit Court.

Yesterday in the case of George S. Reaser's Executor against J. W. Boniden, M. E. McKelip and others, the petition was dismissed by the Court, and an appeal was granted plaintiff to the Court of Appeals.

The grand and petit jurors received \$850 for service rendered during the present term. Court adjourned until the September term.

DELICATE CHILDREN

Advice to Maysville Mothers Who Have Delicate Children

If we could only make all fathers and mothers in Maysville regard what we say there would be fewer sickly, delicate children on our streets. Rapidly growing children need a great deal of vitality. They grow fast, play hard, and work too hard at school, and many such children are tired, thin, pale and worn when they ought to be robust and rosy.

Every run-down, growing child in Maysville should take Vinol, our delicious cod liver preparation without oil. It requires almost no digestion at all and cannot upset delicate, weakened stomachs as do old-fashioned cod liver oil and emulsions. Vinol also contains peptonate of iron.

It strengthens the digestive organs, makes new vitality, sound flesh and muscle tissue, strong bone structure and pure, rich, red blood. Vinol fills out hollow cheeks and makes thin little arms and legs plump and round.

Said Mr. J. C. Pecor, our local druggist: "We cannot recommend Vinol too highly for puny, weak and ailing children, to build up the run-down, over-worked, tired and debilitated, or to give renewed vitality to the aged, and we cheerfully refund the money in every case where it fails." J. C. PECOR, Druggist.

NOTE—While we are sole agents for Vinol in Maysville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

WILL

The Two New School Buildings Be Completed by Fall?

What's the matter with the Board of Education? There seems to be a halting and hesitancy in the beginning of the preliminary work on the new school buildings.

The season is well advanced and not even a shovel of dirt turned for a foundation. It is almost certain that if things continue to drag along as is the case at present, and not more vim and vigor manifested, the work on the two school houses will not be completed this summer; if the District School building in the First Ward is finished in time to house the children before the snow flies this fall it will be more than the present outlook indicates.

What's the difficulty gentlemen? Why don't you get together, roll up your sleeves and get down to hard pan and do something. The people have granted your request in furnishing you with the sinew, of war, in other words money, so it is now up to you to do the rest.

Time is fleeting and much is to be done in the next four months, and it will be hasty from now on if you expect to accomplish what you so valiantly started out to do in the early spring. It is to be hoped when you get fairly started things will bum and valuable time lost will be made up by extra energy and push.

TWICE-TOLD TESTIMONY.

Maysville People Are Doing All They Can for Fellow Sufferers.

Maysville testimony has been published to prove the merit of Doan's Kidney Pills to other Maysville who suffer from bad backs and other ills. Least any sufferer doubt that the cure made by Doan's Kidney Pills are thorough lasting, we produce confirmed proof—ments from Maysville people saying the cures they told of years ago were permanent. Here's a Maysville case:

Henry Bertram, shoemaker, of 27 East street, Maysville, Ky., says:

"I believe everybody in Maysville has read the testimony I gave in March, about Doan's Kidney Pills, for I have been again and again by residents of this town in statement were true. For the benefit of sons who may now be suffering from kidney trouble I repeat my testimony. I got Doan's Kidney Pills I had suffered for time with backache and a tired feeling and aching in and about the kidneys. Be a shoemaker, I thought my trouble was caused by my work for every time I took cold it se in my back. Doan's Kidney Pills quick me of the trouble and never, from that time, have I had any cause to complain of a back or kidneys. Doan's Kidney Pills perform exactly what they promise, and I will say that in my opinion there is no remedy for kidney disorders equal to Doan's Kidney Pills."
